It is our desire that every student in our classes will be successful and that each student will learn as much as they can. We believe that every student has the right to work in peace, in an atmosphere that is conducive to learning, and to be treated with the same respect that we wish to be treated.

Behavior that interferes with student learning or our ability to teach we not be tolerated. We will abide by and enforce the district and school policies outlined in the Combs High School Student/Parent Handbook, which was provided to all students during the first week of school.

The following our points we would like to emphasize in order for everyone to be successful this semester:
