

Computer Lab Rules

Food and Drink:

Food and drinks, except capped, bottled water, are not allowed in classrooms, or on any carpeted areas (this includes gum and candy). Students caught with food or drink in any of these areas will be subject to disciplinary action. Note: there is no gum chewing permitted on campus – leave your gum at home.

Profane/Vulgar Language or Actions

Profane/vulgar language or actions should never occur anywhere on the Combs campuses. The use of profanity or any action that is considered profane or vulgar can result in the loss of computer privileges and additional disciplinary action.

Technology Use Agreement:

The J.O. Combs Unified School District requires that all students and a parent/guardian sign a district technology use agreement **BEFORE** using school computers. The technology use agreement form can be found in the J.O. Combs Student Policies and Regulations handbook.

Inappropriate use of technology may consist of, but is not limited to the following:

- Printing more than one copy of work
- Unplugging peripherals
- Trying to access inappropriate websites
- Attempting to access the district network
- Making, using, or distributing pirated copies of software
- Changing folder names or file names
- Sending inappropriate messages or graphics
- Negligently handling video, audio, or other electronic equipment
- Theft and vandalizing of hardware, software, or equipment
- Loading any files or software on a school computer
- Saving on the hard drive – save to your “My Documents” drive only
- Playing CD or Internet music on computers
- **Playing games (including website based games)**
- Entering chat rooms
- Sending instant messages
- Logging into or attempting to access another person's account
- Giving your password to other students
- Using another student's password
- Internet bullying

The purpose of school computers and equipment is for educational use only.

Student use of computers and equipment is a privilege, not a right. Any other use of school computers will result in loss of computer use privileges for an entire school year. A second offense will result in loss of computer use privileges for the remainder of your high school years.

Students who violate the technology use policy will lose computer privileges.
